The person responsible for over-seeing this grant has attended a Granting Information Session hosted by the Phoenix Foundation or watched the YouTube video on our website No Yes

1. Briefly describe your organization's mission, mandate and objectives:

2. Give a brief description of your project, its goals, and objectives and how you will measure success. If the foundation included priorities for funding in the request for proposals, explain how your project addresses those priorities:

3. The Phoenix Foundation supports a broad range of projects that offer various services to the Boundary. It also seeks an 'upstream' approach to community challenges with creative and innovative projects. What long &/or short term impact will your proposed project have on the Boundary?

4. List other organizations collaborating or partnering with you on your proposed project including their roles/contributions to your project.

5. How will the proposed project benefit the Boundary Community? Statistics, other data and/or support letters from clients, community or other sources should be included here.

6. Attach a copy of your organizations latest financial reports. Fill out the budget sheet on the following page (with quotes, if available) indicating total project costs and listing other amounts and sources of funding. This includes Federal, Provincial, Municipal or Regional governments; corporations; organizations; service clubs; fund-raising projects; membership fees; in-kind donations &/or dollars from PF community partnership funds (Greenwood, Midway, Christina Lake).

Please list *Phoenix Foundation* grants received in the last five (5) years.
